Announcement of Faculty Position for Professor
in the field of Fisheries /Marine Biological Resources /Aquatic Biology,
Kanazawa University

1. Position:
   Professor

2. Affiliation:
   Course in Aquatic Biology and Environmental Science, Faculty of Biological Science and Technology,
   Institute of Science and Engineering, Kanazawa University
   https://www.se.kanazawa-u.ac.jp/en/lifescience/

3. Location of work:
   Noto-Cho, Hosu-Gun, Ishikawa, JAPAN

4. Job description:
   The candidate supervises undergraduate seniors for their graduation thesis and graduate students for their
   thesis. He/She will also be expected to give lecture of undergraduate and graduate level courses both in
   aquatic biology and environmental science, and biosystems. He/She demonstrates the ability to collaborate
   with and complement the strengths of School of Biological Science and Technology and Marine Biological
   Station. The candidate is strongly encouraged to target his/her research to commercially valuable marine
   resource(s).

5. Qualification requirements:
   1) The candidate should have Ph. D in Fisheries Science, Biology, Bioengineering, or a closely related
      discipline.
   2) The candidate should have marine fish aquaculture skills.
   3) The candidate should have an earned doctorate and outstanding research records in aquatic bioscience and
      bioengineering. He/She should have a keen interest in Aquatic Biology and Environmental Science, or
      related research.
   4) The candidate is not required to have Japanese nationality, but is recommended to have a minimum
      communication skill in Japanese.

6. Starting date:
   1st February, 2019 or later

7. Employment status:
   Full-time (tenured) : retirement age at 65 years old

8. Compensation:
   Annual salary system: Remuneration follows the Kanazawa University Regulations
   (http://www.kanazawa-u.ac.jp/kiteishu/act/frame/frame110000414.htm (in Japanese))

9. Documents for applications:
   Applications (in free format at A4 size paper) including;
   1) curriculum vitae,
2) list of publications (with updated impact factor (IF) and citation index (CI) from Web of Science or Scopus), ORCID ID, invited talks, awards, competitive funds, etc.
3) copies of the 5 most important papers,
4) details of research experiences (2 pages),
5) research plan and teaching philosophy to conduct at the research unit and Biological Systems Course (2 pages), and
6) list of two referees (name, affiliation, E-mail address, and phone number)

10. **Deadline for receipt:**
    17th October, 2018

11. **Postal address for submission:**
    Prof. Kenji Satou  
    School of Biological Science and Technology,  
    Institute of Science and Engineering,  
    Kanazawa University, Kanazawa 920-1192, Japan.  
    Note: Submitted documents will not be returned to the applicant.

12. **Selection process (selection method and hiring decision), notification of result:**
    1) Selection will be based on review of submitted documents.  
    2) Only successful candidates will be contacted for an interview. (Traveling expenses for the interview are not provided.)  
    3) External reviewer(s) may be invited for evaluation.

13. **Contact person:**
    Prof. Masaaki Yamaguchi  
    School of Biological Science and Technology,  
    Institute of Science and Engineering,  
    Kanazawa University, Kanazawa 920-1192, Japan.  
    E-mail: masaaki@staff.kanazawa-u.ac.jp

14. **Additional information:**
    1) Kanazawa University promotes gender equality. Please see the URL below for detail.  
       [http://cdl.w3.kanazawa-u.ac.jp/index.html](http://cdl.w3.kanazawa-u.ac.jp/index.html)  
    2) Teaching in English is also expected.  
    3) Traveling expenses for the interview are not provided.
